**ROTARY INTERNATIONAL**  
Districts 5240, 5260, 5280  
5300, 5320, 5330 & 5340

Present the

# Interact Symposium 2011

**Outdoor Education Center**  
Orange, California  
October 21-23, 2011

## Interact

Interact is a Rotary sponsored service and social club for young people ages 12-18. The program gives young people an opportunity to participate in fun and meaningful service projects while developing leadership skills and meeting new friends.

Interact is one of the most significant and fastest growing programs of Rotary International, with over 303,990 members in more than 13,217 Interact clubs in 108 countries and geographical areas.

Interact clubs plan, finance, manage, and complete at least two service projects annually – one project that serves their school or community and another project that furthers international understanding and goodwill. Sponsoring Rotary club members offer guidance and assistance.

## Interact Symposium

The Symposium is an outstanding opportunity for Rotary Liaisons, Interact School Advisors, Interact Club Presidents, and other club officers to improve leadership skills, exchange ideas about how to make an Interact Club successful, and share fellowship.

The Symposium is a three-day program that is held in a local camp setting. The Symposium has provided information and training to thousands of participants since it was first held in 1993. New and old Interact clubs from the Seven adjoining Rotary Districts in California and Nevada are invited to participate in the Symposium which is led by experienced Rotary and student leaders. The program is similar to Rotary's President Elect Training Seminar.

## The Program

Interactive training sessions include Community Service, International Service, Teambuilding and Leadership Skills, Membership Development, Club Management, Fundraising, and Communications. The Symposium includes motivational Rotary speakers, fellowship fun, idea exchange, and exhibits.

The workshops are informative, inspirational and practical. They are specifically designed to help clubs become more effective. Everyone enjoys the training, the fellowship, and the opportunity to make new friends.
